Can-Star Academy August Update

AP Exam Results & Classes

AP Score distribution

Come and see the CanStar results for yourself. Our seasoned instructors have demonstrated outstanding ability in guiding our students to outperform the College Board's own statistics.

| Percentage of Students achieving 5 points and higher | | |
|--|---------------|--------------------|
| Subject | CanStar Stats | CollegeBoard Stats |
| AP Drawing | 100% | 15% |
| AP Physics C | 100% | 23% |

In addition to the above two classes, the remaining classes have exhibited impressive results. It is worth congratulating everyone who has pushed their limits and achieved new heights! It is clear that each and every student has learned a great deal from these college introductory classes and is now better prepared for these exams. We at CanStar wish you the best!

| Score | 5 | 4 | 3 | 2 | 1 |
|-----------------|-----|-----|-----|-----|-----|
| AP Biology | 16% | 23% | 29% | 22% | 10% |
| AP Chemistry | 17% | 27% | 31% | 17% | 8% |
| AP Comp. Sci. A | 24% | 22% | 20% | 11% | 23% |
| AP Physics 1 | 8% | 18% | 29% | 27% | 27% |
| AP Psychology | 18% | 23% | 20% | 12% | 27% |

Although the 2023-2024 AP exam season is over, our 2024-2025 exam prep is now open for registration. Catering to different learning styles and students' availability, this year we are offering two approaches to our AP prep classes: 1) traditional in-class lectures, and 2) self-study.

If the student excels in a traditional classroom learning environment and prefers highly guided and curated classes taught weekly by an instructor, our classroom lectures are for them. If the student is self-motivated and has limited schedule flexibility, then our self-study option is for them. Our self-study classes consist of one monthly three-hour meeting where the instructor assigns, reviews, and tests the topics that will be learned in that month. Students are given a package/assignment to read, do, and study for the month. Upon the completion of the month, students are then tested, and the next set is delivered.

The following is the list of our classes:

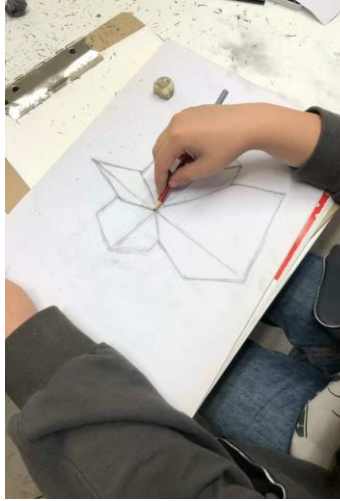

| | |
|-------------------------------|--------------------|
| AP Calculus AB & BC | AP Macro Economics |
| AP Calculus AB | AP Mirco Economics |
| AP Calculus BC | AP Physics 1 |
| AP Chemistry | AP Psychology |
| AP Computer Science A | AP Statistics |
| AP Computer Science Principle | AP US History |
| AP Human Geography | |

Art Studio

Our student's progress

Congratulations to our student on her progress! The following is a curation of some of her work. We can see how she progressed from beginner pieces to masterpieces. If you are interested in sharpening your skills, elevating your

abilities, and learning new mediums and techniques, then join us! Our team of experienced teachers can and will lead you through skills associated with painting, animation, 3D design, and other fields!

University Interview Training

Sept 28 ~ Nov 9

Join us for our UBC Business School & University of Toronto Engineering interview training. From September 28 to November 9, students will be working with experienced instructors running through the ins and outs of interviews. We will be working through past interviews, skills, and question preparation. This is a small training class with one-on-one simulation. Join us as seats are limited.

2024 ~ 2025 Class Offerings

ELL & English Classes

Trouble with English? Want to achieve higher grades? Join our ELL & English programs. Our team of seasoned instructors will prepare prospective students for ELL levels 1, 2, & 3, as well as English 10, 11, & 12. For those who are graduating, we have a Literacy Assessment 12 preparation course.

STEM Classes

Struggling with STEM topics? Need to ace the next exam? Or aiming to excel for university applications? Join our STEM classes. Our team of expert instructors will be teaching Science 8, 9, & 10, Chemistry 11 & 12, Physics 11 & 12, and Pre-Calculus 11 & 12, and Calculus 12. We will be offering small classes!

Competitions

Want to showcase your skills and expertise, or just want another achievement under your belt? Join our competition prep classes. Our instructors, experienced in teaching competition-grade classes, will be leading classes in the CEMC math competition for grades 8 to 12, the Canadian Computing Competition, Physics Bowl, and many more!
