### AP Exam Results & Classes

#### AP Prep

Our AP prep sessions are well underway for keen students interested in taking their studies to the next level. Whether you prefer traditional classroom lectures or solo self-study, you will be taught by seasoned instructors with diverse teaching styles. Students will receive immersive lessons with plenty of practice. Come join us!

Although our regular registration period is over, we are still open to those interested in doing AP prep, please contact our team for registration information\*.

\*Late registration fees may apply

#### In-Person

The in-person classes consist of weekly three-hour lectures during which the instructors present the materials and work through practice questions. At the end of each class, students are assigned homework, which will be checked in the following session. For those interested, we offer in-person classes for the following subjects:

- AP Calculus AB & BC
- AP Computer Science A
- AP Physics 1
- AP Psychology
- AP Statistics

#### Self-Study

For those with compact schedules or excellent study habits, the self-study option may be for you. This is a biweekly one-hour class in which students are assigned readings, homework, and assignments within that hour. After two weeks,

students return to ask questions and receive instructions for the next two weeks. For those interested, we offer self-study classes for the following subjects:

- AP Biology
- AP Calculus AB & BC
- AP Chemistry
- AP Computer Science AB & BC
- AP Physics 1
- AP Psychology
- AP Statistics

## English Support

### **ELL 1, 2, & 3 Prep (In Session)**

For those English learners who need supplemental support, we offer ELL levels 1, 2, and 3. Covering vocabulary, grammatical basics, and reading skills, our classes provide learners with the tools to further advance their learning, either on their own accord or through instruction.

### **IELTS Prep (In Session)**

For those applying to universities who need to challenge their English, we offer IELTS Prep. Whether this is your first attempt or you are retaking the exam, we provide continual support and practice to hone both exam skills and English skills.

### **Literacy Assessment 12 Prep (Start: TBA)**

Finally, for those currently taking English 12 and needing support for the Literacy Assessment, we offer Literacy Assessment 12 Prep. We cover basic reading skills, essay writing techniques and planning, and mock exams. Contact us for more information

## Competition Classes & Prep

For those interested in taking their knowledge to the next level and receiving recognition for it, join us for our competition prep classes. We offer classes in Math, Physics, and business competitions.

### **Math Competition Prep (In Session)**

Our Math competition prep allows students to explore and develop techniques, strategies, and ways of thinking to tackle challenging mathematical puzzles and concepts. With a primary focus on the University of Waterloo Math contest, our prep class will work through various past exams while applying the learned skills.

### **Physics Competition Prep (In Session)**

Our Physics competition prep enables students to explore and understand both the practical and abstract applications of physics. With a primary focus on the PhysicsBowl, the class will examine how classroom physics can be applied to everyday scenarios.

### **Business Competition Prep (Start: TBA)**

If you are interested in solving global issues or providing economical solutions to specific challenges, our Ivey Case Competition class is for you. Our seasoned instructor will guide our students through the process of building a case and presenting it confidently. Join us as we help you become a leader.
